overeating, smoking and/or drinking**

MindBody TuneUp

A
Feel Good
Class for
Every
Body

Have an invigorating Stretch, Strengthen, Balance and Breathe! A “MindBody TuneUp” is a great way to start the day, or re-charge the batteries in the afternoon!

Let Jan’s soothing voice and clear, articulate instruction guide you safely and effectively through a series of stretching and balancing positions that relax your nerves and strengthen your muscles. Your breathing capacity will increase and your circulation will improve. Regardless of your age or current physical condition, this class is for you. You’ll become more flexible no matter how “stiff” you may be; aches and pains will disappear.

Take your mind off of every day thoughts, responsibilities and stressful world events for a brief time. After one hour with Jan, you’ll find yourself feeling completely relaxed, recharged, rejuvenated and refreshed.
